## Disaster Recovery Update

# St. Lucie Habitat Receives Matching Grant Opportunity from Volunteer Florida Foundation for Phase II of Hurricane Irma Recovery Project

**It seemed so long ago**, but for many families in our community, the damages from Hurricane Irma is a reminder they see everyday. At St. Lucie Habitat, we are working to help local families fully recover from this disaster.

Through Volunteer Florida Foundation you can double your impact!

## Where we still need your help:

**New  
Construction**  
**\$400,000**

The Category 5 hurricane caused damage beyond repair to many homes. A new home will equal a fresh start for many families.

**Roof Repairs &  
Replacement**  
**\$400,000**

Having a sound roof will help reduce the chance of further, more costly damage to homes, and strengthen the integrity of the home.

**Repairs &  
Fortification**  
**\$100,000**

Preserving and strengthening homes is key to stability. Included repairs are shutter, siding, and accessibility ramps.
